Program Abstract

As we all know, 2016 was the year of ICD-10. Now as we push through 2017, ICD-10 continues to bring on more challenges with updates, changes, and new guidelines. This two-day course will introduce home health and hospice clinicians how to properly use ICD-10 codes for home health and hospice. Join PPS Plus's Education Director, Jennifer Warfield for a memorable ICD-10 education adventure. Jennifer will discuss and review the structure of ICD-10, its guidelines, how to choose the correct coding category for the condition, and finally, how attendees can apply learned objectives to different patient scenarios.

Program Objectives

At the completion of this workshop, the participant will be able to:

- Outline changes in coding conventions.
- Describe changes in general coding guidelines.
- Discuss changes in chapter specific coding guidelines.
- Identify and discuss new features specific to ICD-10 CM.
- Identify and discuss criteria used in selecting and sequencing diagnoses on OASIS.
- Explore the steps to use the ICD-10 manual correctly.
- Apply learned objectives to coding chapter specific scenarios.
