Program Abstract

PDGM will change the payment structure for Medicare home health services, but what about your clinical practices? Even though there are no new regulations, the implementation and timing considerations will place additional pressure on your organization's processes and people! This two day program will ensure you are ready to manage the challenges of PDGM without losing sight of high quality patient care and the needs of agency field clinicians.

“Hot topics” will include:

- ⇒ Identifying and prioritizing diagnoses for the plan of care
- ⇒ Primary diagnoses (acceptable vs unacceptable)
- ⇒ How and when to query the physician for more information
- ⇒ Tips for the intake process
- ⇒ OASIS items used for the functional score under PDGM
- ⇒ OASIS time points: what about the Other Follow-up?
- ⇒ OASIS-D1: it's all optional (NOT!!)
- ⇒ Collaboration for accurate assessment
- ⇒ OASIS corrections: careful what you change!
- ⇒ Timing is critical: streamline your processes, avoid LUPAs
- ⇒ Don't leave quality measures behind – Star and IMPACT Act

Speaker

Teresa Northcutt, BSN, RN, COS-C, HCS-D, HCS-H Senior Associate Consultant Selman-Holman & Associates LLC

Prior to joining Selman-Holman & Associates, Teresa served as a Program Manager from Primaris, the Quality Improvement Organization for Missouri. She has presented on-site training for home health agency clinical staff on OASIS assessment and coding, focusing on customized clinical education programs and the practical application of guidelines by field staff. In addition, she has provided educational programs on agency communications and processes, quality outcome improvement, and care transitions for regional and state conferences. Certified in OASIS competency (COS-C), as a Homecare Coding Specialist-Diagnosis (HCS-D), and as a Homecare Coding Specialist - Hospice (HCS-H), Teresa brings comprehensive and contemporary knowledge of home care/hospice and quality improvement methods. Teresa has had experience as Clinical Services and QI/Education manager with home health agencies (independent, hospital-based, and county health dept.), and as a hospital resource nurse, patient educator, and quality improvement facilitator. She received her BSN from St. Louis University.
